Entries open for 09 KTM Sunny Corner Trail Bike Ride at www.sunnycorner.com.au

The KTM Sunny Corner Trail Bike Ride runs over two days 19-20 September, in the Sunny Corner State Forest. The non competitive arrowed ride features two loops covering 75km in the morning, and 50km in the afternoon, rain, hail or shine – possibly even snow!

Anyone with a road licence and road registered bike can enter the event, and all entries go into the draw to win a new KTM 450 EXC, while the runner-up will take home a new KTM 50 SX mini, provided by KTM Australia. Runner up prizes will include thousands of dollars worth of tyres, helmets, oils, air filters, riding gear, bike stands, and trail tour vouchers.

Riders are welcome to arrive on Saturday 19 September, where they are able to go for a ride in the forest and browse the trade displays, before setting up camp in the Sunny Corner State Forest. Evening entertainment at the camp site will include a live band in the evening, plus a bonfire and full catering facilities. Alternatively, riders can arrive for the first group departure early Sunday morning on September 20.

Entry to the event includes the ride, plus a breakfast and lunch voucher, and your ticket into the draw for the prizes. Early bird entries prior to 7 August cost \$125 per person, while there after entry fees are \$150 per person.

The Central Tablelands Motorcycle Club will supply sweep riders, recovery vehicles, and full medical services throughout the day, to provide each group departure with mechanical and safety support on the well arrowed, and marked out loops.

KTM Australia in association with NSW dealerships will also set up a range of new KTM motorcycles for public viewing.

Prior to this event KTM is encouraging everyone who shares a love of the outdoors to assist Forests NSW in their initiative to remove unwanted weeds and the planting of native trees along the Sunny Corner creek banks to restore the Mitchell Creek

forest chain of ponds system. The initiative will take place from 15-19 June and further information can be sought on-line at www.conservationvolunteers.com.au. For further information and early bird entries to the KTM Sunny Corner Trail Bike Ride see www.sunnycorner.com.au.

Retail News:

Off-road racers can pimp up their ride with \$1500 worth of free KTM Power Parts on all new 09 250 EXC-F, and 09 model 450/530 EXC motorcycle purchases. The Power Parts kit includes a factory enduro graphics kit, Akrapovic titanium slip on silencer, quick release brake pad retaining pin, SX fork bleeding kit, spoiler set, and pull out wheel spindle. The parts promotion will run while stocks last. See www.ktm.com.au for details.
